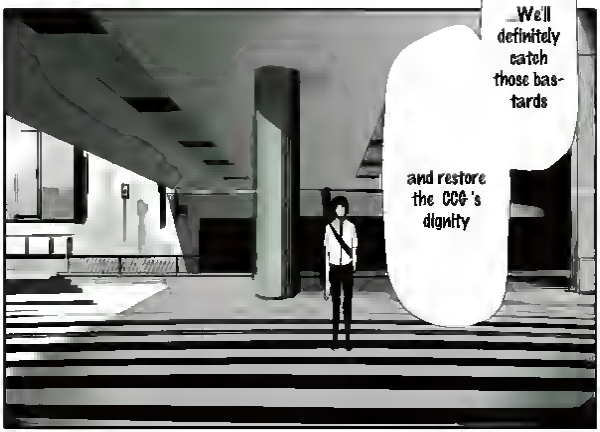
—Ah, of what was lost before...
Inside the bag was cash and precious metal. Besides...
I don't understand But I heard there were dead people inside...
...What? The incident?

The victim's "internal organs"?
In this world people exist back to back
with a singular "fear"

THE KAGUNE'S COLLA-TION?
IT WAS CONSISTENT WITH THE EVIDENCE FROM THE SERIAL PREYING INCIDENTS ON MAME-NOKI STREET
THAT "LANTERN" GUY...
REALLY HAS A VIGOROUS APPETITE...

People's figures exist while

the those grotesque eaters of dead human flesh also—



People...

Call them
"Ghouls"

To solve math problems, you just need to choose the proper formula.
After that it's just calculation.
It's okay.
I already put the formula in my head.

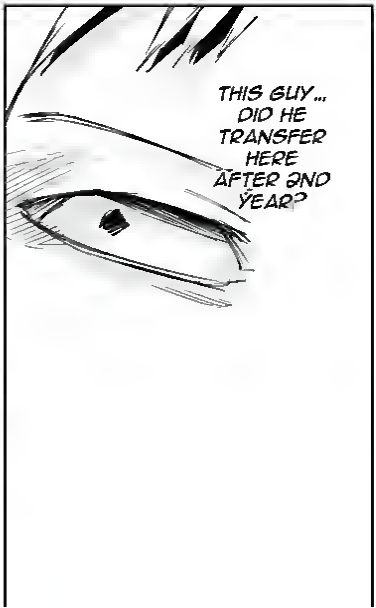
Why?
I DON'T NEED IT.



THIS GUY... DID HE TRANSFER HERE AFTER 2ND YEAR?

Fura-kun rarely comes to school,
